11:00 a.m. – 12:00 p.m. | Mastering Emergency Chess: Survival Smarts for the “When” Not “If”

PRESENTER: Michael Grajeda, Director of Health and Safety, Southview Design, St. Paul, MN

Safety professionals spend countless hours working on the prevention of illness and injuries, but have you ever stopped to ask yourself “What If”? “Mastering Emergency Chess: Survival Smarts for the “When” Not “If” will challenge safety

professionals to put into place robust plans to limit risk for when the unexpected happens at work. This session will be more than “how to create an EAP” and will focus on the preparation of your workforce to respond quickly, confidently, and effectively to a myriad of disasters. The “when” not “if” mentality will prepare your workforce to rise to the moment to preserve life and property. Don’t let your workers down by having a “failure of imagination”, get your chessboard ready and prepare for victory.
